

VALUPAK

WHAT IS VALUPAK®?

VALUPAK® utilizes a 7-12-1 formula partnered with a technology package to aid in plant performance and yield potential.

HOW DOES VALUPAK® WORK?

- nCeption provides carbon sources that increase nutrient absorption
- NTake maximizes nutrient mobility to critical plant systems
- Can serve as a stress mitigator during poor conditions, allowing your crop to recover quickly

APPLICATION RATE

FOLIAR
8-16 oz or 236- 473 mL per acre
or 583 mL to 1.1 L per hectare at
peak productive stage
